### FDP on 'Benchmarking, Internalization and Institutionalization of Best Practices'

organized by the Internal Quality Assurance Cell (IQAC)

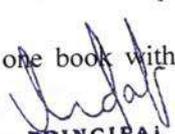

The Internal Quality Assurance Cell (IQAC) of the College organized a Faculty Development Programme on the 14<sup>th</sup> of March 2023 on the theme "Benchmarking, Internalization and Institutionalization of Best Practices".

The Resource Person for the FDP was Prof F.M Nadaf, the Deputy Director of Higher Education, Directorate of Higher Education. The programme began with a welcome address by the IQAC Co-ordinator Dr. Elizabeth J. Henriques. The FDP was organized in order to chalk out the road ahead for the institution in the light of it already being awarded with a NAAC Grade A. Prof. Nadaf began his presentation highlighting the vision of the IQAC in higher educational institutions viz. to promote a quality culture through institutionalizing and internalizing all the quality enhancing and sustaining initiatives taken with internal and external support. He threw light on the various types of benchmarking that the college could adopt. He pointed out the various steps/initiatives that the College has now to implement. He suggested that the college first and foremost should reconstitute the IQAC Committee from the date the NAAC Result was declared. He emphasized that the IQAC is the nodal body for the college.

He felt that there was a need for the stakeholders of the college to come to a conclusion as to what will be the goal of the college for the next cycle and devise strategies to achieve this goal

He highlighted some of the benchmark goals that the institution could set for itself:

- ✓ A better grade in the next cycle
- ✓ Good performance in NIRF Rankings
- ✓ 100% enrollment
- ✓ Promote diversity in college
- ✓ 100% registration for PhD Programme and 75% Ph.D holders as faculty.
- ✓ One Paper presentation and Publication in a reputed journal by each faculty each year
- ✓ Publication of a minimum of one book with faculty contributing their research inputs.

  
PRINCIPAL  
Govt. College Of Commerce & Economics  
BORDA, MARGAO, GOA

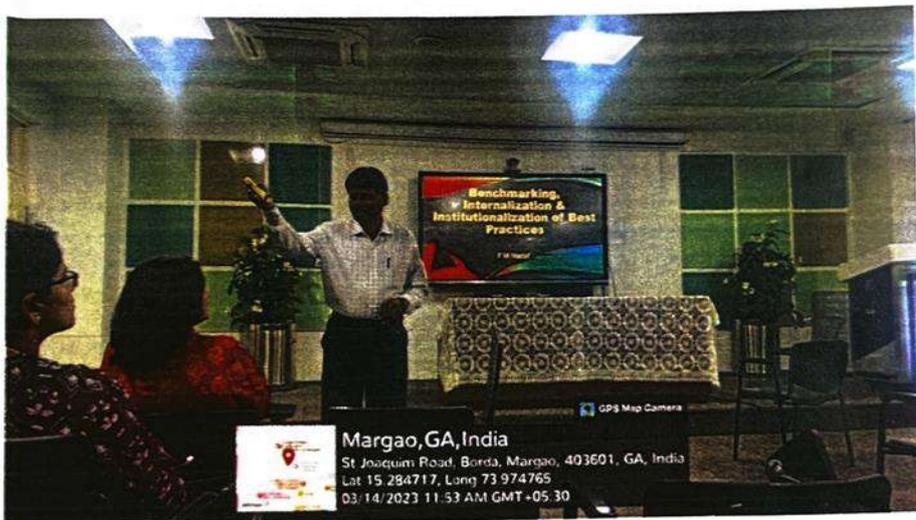

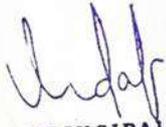

- ✓ At least one student exchange programme.
- ✓ Signing of at least 5 MoUs

Prof. Nadaf also suggested that the faculty should decide on its best practices and implement at least two best practices each year. He also provided a list of best practices which in his opinion the institution could adopt. For example – the college could reward its achievers, encourage student participation in decision making; organize skill and talent enhancement programmes; promote student leadership and development; promote universal values among students; Reach the unreached; and transform the college into a digitally empowered institution and knowledge domain.

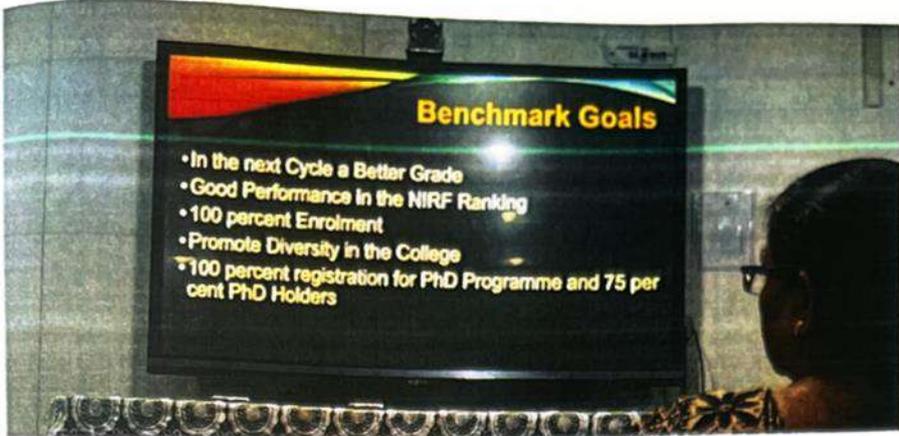

He suggested that the college should adopt the PDCA Model to bring in a quality culture.

Mr. Miguel Martins, Associate Prof. of Mathematics, proposed the Vote of Thanks. The FDP was attended by 18 teaching faculty of the college.

## REPORT

### Professional Development Programme on **'Benchmarking, Internalization and Institutionalization of Best Practices'**

organized by the Internal Quality Assurance Cell (IQAC)

The Internal Quality Assurance Cell (IQAC) of the College organized a Professional Development Programme on the 14<sup>th</sup> of March 2023 on the theme **"Benchmarking, Internalization and Institutionalization of Best Practices"** for the Non-teaching Staff of the College.

The Resource Person for the Professional Development Programme was Prof.F.M Nadaf, the Deputy Director of Higher Education, Directorate of Higher Education. The programme began with a welcome address by the IQAC Co-ordinator Dr. Elizabeth J. Henriques. The Programme was organized in order to chalk out the road ahead for the institution in the light of it already being awarded with a NAAC Grade A. Prof. Nadaf began his presentation highlighting the vision of the IQAC in higher educational institutions viz. to promote a quality culture through institutionalizing and internalizing all the quality enhancing and sustaining initiatives taken with internal and external support. He threw light on the various types of benchmarking that the college could adopt. He pointed out the various steps/initiatives that the College has now to implement. He suggested that the college first and foremost should reconstitute the IQAC Committee from the date the NAAC Result was declared. He emphasized that the IQAC is the nodal body for the College.

He felt that there was a need for the stakeholders of the college to come to a conclusion as to what will be the goal of the college for the next cycle and devise strategies to achieve this goal

He highlighted some of the benchmark goals that the institution could set for itself:

- ✓ A better grade in the next cycle
- ✓ Good performance in NIRF Rankings
- ✓ 100% enrollment
- ✓ Promote diversity in college
- ✓ 100% registration for PhD Programme and 75% Ph.D holders as faculty.

Govt. College Of Commerce & Economics,  
BORDA, MARGAO, GOA

- ✓ One Paper presentation and Publication in a reputed journal by each faculty each year
- ✓ Publication of a minimum of one book with faculty contributing their research inputs.
- ✓ At least one student exchange programme.
- ✓ Signing of at least 5 MoUs

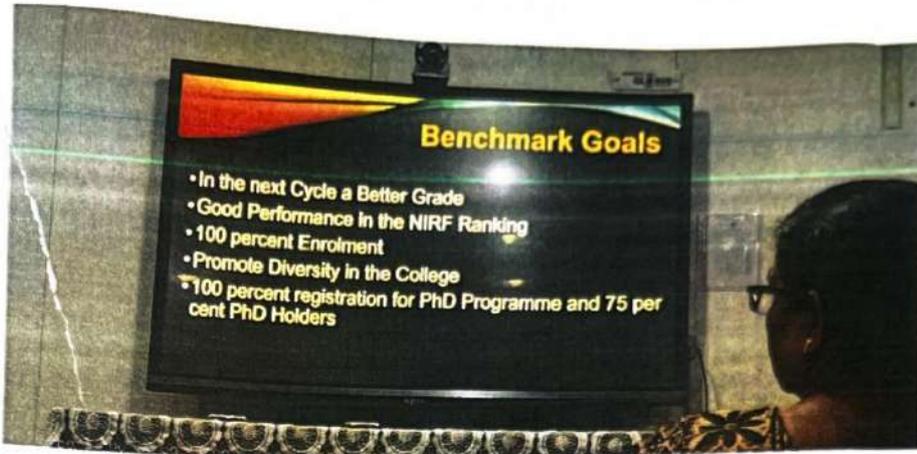

Prof. Nadaf also suggested that the faculty should decide on the best practices of the college and implement at least two best practices each year. He also provided a list of best practices which in his opinion the institution could adopt. For example – the college could reward its achievers, encourage student participation in decision making; organize skill and talent enhancement programmes; promote student leadership and development; promote universal values among students; Reach the unreached; and transform the college into a digitally empowered institution and knowledge domain.

He suggested that the college should adopt the PDCA Model to bring in a quality culture.

Mr. Miguel Martins, Associate Prof. of Mathematics, proposed the Vote of Thanks. The programme was attended by 12 non- teaching staff of the college.
